

DECOMETAL®

2021 EDITION

DECOMETAL® SRM
SCRATCH-RESISTANT MATT

ABOUT DECOMETAL® SRM

DecoMetal® SRM is a new high-quality, matt surface provided on selected aluminum, copper and brass decors.

The innovative coating process involving special lacquers and hardening techniques creates an ultra-matt look with a unique impression of depth, producing a high scratch-resistant surface with anti-fingerprint properties. The resulting surface is one with high-end textures and hard-wearing qualities.

DecoMetal® SRM is suitable for horizontal use, for example, on counters in exhibitions, shop fittings, or counters in dining spaces, and tables/work surfaces in the office or kitchen. It is also useful for spaces that experience high traffic, like hotels and restaurants.

Lacquered surface with super matt depth effect

Deep matt surfaces that provide the impression of warmth and elegance

Anti-fingerprint

Unique technology that hides fingerprints and scuff marks, especially in high-use areas

High surface wear and scratch-resistant

Durable enough to withstand scratches from hard objects

Suitable for horizontal use

Create an impression of increased space for multiple surface applications beyond vertical panels

TREND
GO MATT

The once dominant glossy look has been pushed aside, with technology allowing us to enjoy the more natural, toned-down beauty of matt finishes, both inside and outside spaces.

Matt creates interesting, understated surfaces that absorb light and come with a low-maintenance finish. It offers a grounding contrast to glam elements, adding a touch of sleek, glamorous sophistication to a space.

TREND
BEYOND MATT

Matt finish, in combination with shining metal material, creates a striking magic of semi-sheens metallic effect which reinforces an emotional appeal of softness, rich colours and durable surfaces.

Dulled metals could provide a subtle finish for walls and facades, in matt shades of silver, gold, copper, bronze and dark tone.
